TABLECLOTHS Rectangular - Standard
Technical Specifications | R1.110613

PRODUCT USAGE

This product is recommended for use indoors or temporarily outdoors.

DESCRIPTION

Tablecloths are a simple way to brand a company for any event. Our standard rectangular tablecloths are hemmed on all sides with rounded corners and easily drape over a table. Common sizes are offered for tables measuring 4.0ft, 6.0ft, and 8.0ft. Tables differ slightly in height and depth so measuring it before placing an order is the best practice. Tablecloths can be finished as 4-sided coverage or 3-sided with no back to allow for sitting or easy storage from behind. Since our tablecloths are printed on Multisol® X, they not only remain durable for continued use but quickly release any wrinkles once laid out. By choosing to print an all over print tablecloth, you have the freedom to design the complete tablecloth. Logo prints on white or a color are also available. Place a full color image across the tablecloth for an eye-catching display or place a company logo in the center for a polished look at any promotional event.
