

TABLECLOTHS Rectangular - Fitted

Technical Specifications | R1.110613

PRODUCT USAGE

This product is recommended for use indoors or temporarily outdoors.

DESCRIPTION

Tablecloths are not only a way to market with no effort but to create a polished look for any display. When a streamlined appearance is desired, you can use a fitted tablecloth which fits perfectly around the table in use. An all over print gives you the power to place full color graphics anywhere you want to achieve the attention you want. Logo prints on white or a color are also available. We offer common fitted sizes for tables measuring 4.0ft, 6.0ft, and 8.0ft wide. By introducing hemmed edges at every corner of the table, the fitted tablecloth not only does the work of a standard tablecloth but provides a definite shape. We always suggest that you measure the table before placing an order to ensure proper fit. Tablecloths are available in 4-sided coverage or 3-sided coverage, which does not cover the back so you can store materials or sit comfortably at the table. Since all our tablecloths are made from Multisol® X, every tablecloth has a cotton-like appearance and is wrinkle-resistant for easy use.
