

TABLECLOTHS Round - Fitted

Technical Specifications | R1.111313

PRODUCT USAGE

This product is recommended for use indoors or temporarily outdoors.

DESCRIPTION

What a great way for your client to add pizzazz to their table for any promotional or advertising event. The fitted table cover is available in two different sizes to fit a 31.5" diameter table with either a 42.5" overhang or an overhang of 29.5". These are standard sizes for tables at trade shows and events, but custom sizes are available. The fitted style of the table cover allows your customer's graphic that is positioned on the overhang to be fully visible and not hidden behind pleats. These table covers are also wrinkle resistant, which is a great feature when your client will be using these for multiple events. There are several print options and background colors to satisfy your clients' needs.
