

MINI RETRACTABLE BANNER

Technical Specifications | R1.050613

PRODUCT USAGE

This product is recommended for use indoors.

DESCRIPTION

The Mini Retractable Banner is a tabletop display that resembles our popular retractable banner stand, being constructed of lightweight aluminum and featuring chrome end caps. It is available in two sizes, with the largest measuring about 13"x18". The custom print is attached with adhesive, making this ideal for a single promotion. Because the Mini is a retractable banner stand, setup consists of putting the 2-part aluminum pole together, inserting into the base, and hooking the rail onto the top of the pole. The vinyl print retracts into the base after use, which preserves the print during transport. No matter which size they choose, your clients can use the Mini Retractable Banner in any indoor setting to advertise an upcoming community event or to direct attention to a new product line at a jewelry store.
