

TABLE FRAMES

Technical Specifications | R1.050613

PRODUCT USAGE

This product is recommended for use indoors.

DESCRIPTION

Make an impact with Table Frames. Table Frames have a sturdy frame that is constructed of aluminum with a supportive base and two spring rods that secure your custom print. All Table Frame sizes are small enough to be transported effortlessly. Custom prints have a double-print layout and are finished with a pole sleeve at the top and bottom. The Table Frames can be assembled by sliding the spring rods into the pole sleeves and inserting it into the frame. This simple set up allows prints to be changed in a snap so you can reuse it again and again. Table Frames can be used indoors to advertise a deal at a department store or to promote a band's performance at a local coffee shop.
